OHIO'S BIG STORM.

THE DAMAGE ESTIMATED AT OVER ONE MILLION DOLLARS.

Further Particulars of Casualties and Damage at Various Points—Railroads Suffer Seriously—Heavy Loss of Cattle and Live Stock—The Loss of Life.

DAYTON, O., May 14.—The storm was a combination of all the furious meteorological elements, and was the most terrific in destruction and damaging in effects of any that has ever before visited this region. It was an aggregation of wind, lightning and rain defying description. Throughout the surrounding country it was even worse. In all directions the wind was terrific and did enormous damage. Fences were leveled for miles, barns and sheds blown to pieces, telegraph poles knocked down and trees uprooted. The fields were flooded, and in many places for miles around were a sea of water. The damage by this storm will be enormous. Fruit trees were blown down, torn limb from limb and scattered broadcast, while the fields sown in grain were, in numerous instances, washed away and the soil replaced with gravel and debris. The farmers' losses cannot be calculated. The loss of property was enormous. The damage in that vicinity is estimated at from \$50,000 to \$100,000. A. M. Jones, a farmer, reported that he had lost \$10,000 worth of property. He had several cows killed, and his house and barn were blown down. The distress of the sufferers is great and will be alleviated by outside aid. The morning's estimate of damage and loss has raised to \$350,000.

house was demolished, and also the houses of John Deal and John Vawter. Large numbers of horses and cattle were killed and timber stripped. Miss Barger, visiting at Deal's, was severely injured and her horse killed. The White County tornado was terrible in its effects. Many farms were completely swept away, barns, out-houses and orchards, and much stock killed.

Railroad Traffic Impeded. INDIANAPOLIS, Ind., May 14.—The rains of the past few days have caused the White River and its tributaries to rise to a dangerous and damaging height. At noon to-day the highest point reached since 1875, and reports from the surrounding country state that great damage to growing crops has been done. Many bridges are washed away, and the other roads that were damaged by Wednesday night's storm trains are still delayed, as the work of repairing the tracks is carried on under much disadvantage.

THE OPPOSITION FIRM.

GLADSTONE FAILS TO SATISFY CHAMBERLAIN AND HIS SUPPORTERS.

Great Damage by Heavy Rains in England.—An Earthquake in Scotland.—The Controversy Over the Adams Scheme.—Serious Forest Fires in Mexico.—The Hurricane in Spain.—Foreign News.

Special Cablegram to the Post-Dispatch. LONDON, May 14.—The political situation is unchanged by last night's debate. Contrary to the expectation of many, Gladstone neither added anything nor authorized Campbell Bannerman to do so, beyond more clearly specifying what the Government would not do. Chamberlain and his followers, therefore, are still in the strongest opposition. The prospects of the home rule measure are about as dark as can be.

I hear from Paris that Dr. Valentine Mott of New York has spent a week in Paris with Chamberlain, who explained to him all the theory and practice of his discovery in the most minute details. Chamberlain was so pleased with Mott's scientific intelligence that for the first time he has allowed his views to leave his own hands with certain strict conditions concerning its use. Mott was allowed to take away the rabbit inoculated with virus the day he left Paris. Mott sailed on the steamer Kturlia on May 8.

ENGLAND. LONDON, May 14.—A meeting of the following of Lord Hartington was held to-day for the purpose of cementing the Whig and Radical opposition to the home-rule bill. Sixty-four gentlemen attended, including Mr. Chamberlain, Mr. Trevelyan and Mr. Cairne. Lord Hartington made a twenty-minute speech in which he explained the reasons why Liberals should oppose Mr. Gladstone's measure. The meeting was harmonious and thorough, and unanimously adopted a resolution declaring that those present would oppose the second reading of the home-rule bill. The meeting lasted half an hour.

HEAVY RAINS. The heavy rains have left a large part of Derbyshire submerged, and many of the public highways are to-day impassable. A railway bridge over the Severn, near Shrewsbury, weakened at its foundations by floods, fell last night under the weight of a passing freight train, precipitating it into the river. No lives were lost. At Monmouth, capital of Monmouth county, boats are plying for hire in the flooded district.

LABOURER'S CORRECTION. Mr. Henry Labouchere writes a letter to correct the published report of the speech he delivered at Northampton last Wednesday night. He denies that he intended to have Mr. Parnell's authority for denying the statement that the Nationalist members of Parliament at Westminster. What he said was that he knew Mr. Parnell had never actually refused to accept the proposal to retain Irish representatives, and that, therefore, the arguments which had been built upon the supposition that the Irish leader had refused were valueless. Mr. Labouchere says he is convinced that if Mr. Gladstone will yield this point to the Chamberlain, he will be able to carry the bill, Mr. Parnell will agree to the amendment.

THE DOMINION. THE ADAMS SEIZURE. OTTAWA, Ont., May 14.—In the Senate on a motion to go into Committee on Supply, last night, Hon. Peter Mitchell asked for a statement by the Government in regard to the recent seizure of the American fishing schooner David H. Williams of the Marine and Fisheries said the schooner was in Digby Basin on Thursday and Friday of last week, where she was buying bait in contravention of the terms of the treaty of 1818. She was also violating the customs laws of Canada by staying in the harbor more than twenty-four hours without reporting to the Collector of Customs. Capt. Scott of the Government's steamer Lansdowne, having been advised of these facts by the Digby Collector, went from St. John, N. B., where his vessel had been ordered to anchor, and after an examination of the schooner, legal proceedings were being taken against her and she would be libeled.

AMNESTY FOR THE HALF-BREDS. In the House of Commons last night Sir John Macdonald stated that the Government proposed to grant amnesty to the half-breeds engaged in the North-west rebellion. Sir John said that one returned to the side of the line, had boasted of shooting a white man in the canoe from the river bank during the outbreak, and he intended to ask the United States Government for the extradition of that man.

GROUNDLESS CHARGES. The committee appointed to consider the charges of corruption made by Mr. Edgar M. P. against John White, Mr. Jamieson and Hon. Charles Howl, in connection of obtaining Government lands in the Northwest for colonization companies, has reported that the charges were groundless.

WATCHING ANOTHER SCHOONER. HALIFAX, N. S., May 14.—Dispatches from Canada state that the American fishing schooner Edith Whalen, which obtained some supplies there, left Canada yesterday. The Grand Banks was ostensibly her destination, but she went instead to Fox Island, where, it is reported, she purchased ice and then proceeded to Crow Harbor to complete her cargo.

Persons engaged in the Gloucester fisheries are unanimous in the statements that they cannot successfully pursue their calling without having access to Nova Scotia ports for bait. Fox Island is a sheltered place about seven miles from Canada, and unless a cruiser is sent down to watch the locality, American vessels can there carry on an uninterrupted traffic in ice and bait.

THE MAXWELL JURY.
Six More to Be Selected—Another Verdict Ordered.

In the Maxwell trial yesterday the lawyers failed to get the desired forty-seven jurors. When the court adjourned the total of specials selected lacked five of that number. The four chosen in the afternoon after the Post-Dispatch had gone to press were: Jesse F. Green, 519 South Fifteenth street; Charles S. Stipey, 553 Franklin avenue; John F. Hynes, 1516 North Seventh, and John Murray, 406 Finney avenue.

Howard Tiltonson, the 350th special juror, who first examined this morning, was the keeper of a few stores at 315 Cass avenue. Excused for bias.

J. D. Tobin, 119 North Seventh, a painter, couldn't convict on circumstantial evidence. Excused.

Geo. H. Todd, 419 North Second, a broker, living 274 Duane avenue, was opposed to capital punishment. Excused.

Jacob Travis, insurance, 320 North Third, living at 270 Chestnut, was opposed to circumstantial evidence. Excused.

W. J. Tremlett, a restaurateur at Thirtieth and Washington avenue. Excused for same cause.

Dupont B. Vincent, a clerk at the Globe Clothing Company. Couldn't convict on circumstantial evidence. Excused.

John F. Walsh, a salesman at 418 North Fourth, living at 233 Washington avenue, was biased.

Thos. C. Walsh, a clerk for Chas. Bernheimer, 704 North Third, living 1808 Wash street, was biased. Excused.

Chas. L. Ward, a gold-painter at the Pullman Car shops, was opposed to capital punishment. Excused.

John F. Walton, living 223 Morgan street, was opposed to circumstantial evidence. Excused.

Willard G. Ward, a printer at 309 Locust, would refuse to find a verdict of guilty of murder on circumstantial evidence. Excused.

James Robinson, a clerk formerly in the trunk business, living 253 Florida street, was biased. Excused.

That completed the first panel of twelve without without a single juror having been obtained. A second panel was called. Only five took seats as the sum of 300 was exhausted.

William H. Hays, a shoe case maker, at Second and Olive, living at 272 Franklin avenue, was biased. Excused.

Thomas H. Hays, a contractor with an office in the Singer Building and living at 313 Chestnut, excused for bias.

Chas. H. Ivers, contracting freight agent of the Frisco line, was biased. Excused.

Thos. E. Reynolds, a clerk for Simmons Hardware Company, 517 North Second street, was excused for same reason.

E. C. Robbins, an iron merchant at 242 North Second, was biased. Excused.

The lucky forty-two were then called.

Louis L. Barada asked to be excused, as upon reflection he felt that it would be prejudicial to remove his opinion. He was excused.

The forty-one jurors left were then charged by the Judge and excused until Tuesday morning. The jury then adjourned till tomorrow at 10 o'clock.

TO BE UP THINGS.
An Explosion of Dynamite Wrecks Several Houses in Pittsburg.

Pittsburg, May 14.—Col. H. W. Hoblitzell, agent of the Atlantic Dynamite Company, was employed this morning to break up a lot of old iron stored in a vacant piece of ground near the Republic Iron-works, on Sidney street, south side. He commenced work about 8 o'clock on a ten-ton piece, and used an immense charge of dynamite for the purpose. A terrific explosion followed and huge pieces of the wall were scattered about in every direction. One piece, weighing 300 pounds, wrecked a house occupied by Mrs. McManis, one block distant. Another piece, over 200 pounds, crashed through the dwelling of Emil Egan, also a block away. It struck a bed in which three children were sleeping. They were covered with debris, but escaped serious injury. Another house, occupied by Mrs. Lunny, fully 300 feet away, was also wrecked.

The only person injured was James Aton, who was walking on the sidewalk, one block away. He was struck on the leg with a fragment and the limb was so badly injured that amputation may be necessary. Hoblitzell was arrested for violating a city ordinance. The explosion caused intense excitement, as a rumor was current that a bomb, similar to that used at Chicago, had been thrown on the street.

Collided with a Cow.

DEARLE, O., May 14.—Fourteen passengers were hurt by a railroad accident near here yesterday morning. The Baltimore & Ohio limited express was running in two sections, and the first section, while making fifty miles an hour struck a cow, which was thrown against a switch with such force that it was killed and the cow was thrown down a 75-foot embankment, injuring fourteen of the passengers and the porter. No one was badly hurt, however, save an old gentleman who was out about the forehead, the back of the head and the hand. He was brought to Chicago.

A Disastrous Wreck.
By Telegram to the Post-Dispatch.

CENTRALIA, Ill., May 14.—A disastrous wreck occurred to the Jacksonville Southeastern train, due here at 11:30 this morning, at Crooked Creek Bridge, two miles northwest of here. The train was composed of freight and passenger cars, and
